

Oxyzone C80 CUBE

Microcomputer technology has enabled the design of this little marvel. Housed in a stylish cube-shaped cabinet, its ultra-modern design and functionality ensures this ozone generator is in a league of its own.

There's no product like it on the market today!

The C80 CUBE is big on features and performance:

- Stylish designed cube-shaped cabinet.
- Quick and easy to operate.
- Countdown timer with up to 5 hrs of automatic operation.
- On-Off sequence timer for the control of background ozone levels in reception areas, toilet areas or anywhere that needs a low-level continuous ozone treatment.
- Electronic adjustment of ozone output on a 10 step bar display.

100% Australian Made and Manufactured

Oxyzone products are designed and manufactured in Australia to comply with electrical and safety standards. Our service personnel and our spare parts are also in Australia.

The C80 CUBE is the most innovative and versatile ozone generator on the market.

Perfect for many applications:

- Motel Rooms & Cabins - Remove unpleasant odours and sanitise the area.
- Reception Areas - Remove unpleasant odours.
- Toilets & Dressing Rooms - Remove unpleasant body and urine odours.
- Residential Homes - Remove pet and cigarette odours, retard mildew in cellars.
- Mobile Homes & Boats - Run directly off 24v or a solar panel to freshen your mobile home.

Quick and Easy Operation

The simple press and walk away countdown operation works in perfectly with cleaning staff in motel rooms or cabins. The same press and walk away countdown operation is ideal in homes for the elimination of pet or cigarette odours. It even removes smelly odours from children's sneakers!
